PNA is the Polish National Alliance

Since 1880, when the PNA began providing insurance protection for Americans of Polish origins and ancestry, their families, friends and neighbors, nearly two million men, women and children across our land have benefited from belonging to our great PNA family -- both by owning quality life insurance and by taking advantage of our many excellent fraternal programs.

What is more, today the PNA is a fraternal insurance benefit society that is not just for Americans of Polish heritage. It is open to everyone.

Four Reasons Why You Should Be a Part of Our Family

1. Objectives

The PNA didn't just happen! It was formed by men and women like you -- hard-working people who wanted the very best for their families and friends, most of whom back in 1880 were immigrant newcomers to America, this great land of freedom and opportunity.

Their objectives, like ours today, involved building a fraternal insurance society to promote the betterment of our members by:

OFFERING high quality Life Insurance and Annuity products to help our members realize their financial aims and to provide security for their loved ones;

PROVIDING a range of Valued Fraternal Benefits to our members;

ASSISTING People in Need;

CHERISHING Patriotism and Civic Involvement in American Life; and

INSTILLING broader and deeper Appreciation of the Polish Heritage in America.

2. Size and Strength

Just look at our record. Since 1880 nearly two million men, women and children have belonged to the PNA!

Today, we are more than 230,000 members strong and this means the PNA is the largest ethnic fraternal insurance society in the United States.

We are rightly proud of our history of unbroken growth and rising strength, for it tells everyone that they can count on the PNA to meet their various insurance needs!

3. Service to Others

Of course, our primary duty is to serve our members and we do this in a number of ways. Most important is in our commitment to offer an excellent array of permanent or whole life insurance, universal life insurance, and term insurance plans to meet the varying needs of all our members-whatever their family situation, age, income, financial needs, and future objectives.

And significant too -- PNA stands for service in terms of our quality sales force and people who work in our national home office in Chicago. These professionals believe in providing accurate and useful information on the insurance and annuity needs of our members and future members. And they are dedicated to delivering service that is prompt and helpful. Our sales force and our PNA home office staff want to help you - and that's a fact!

4. Fraternal Programs

In addition to our fine array of insurance and annuity products there are the many benefits that flow from belonging to our great PNA family.

One can look at our PNA fraternal programs, along with our insurance and annuities, as the foundation for a better and more enjoyable life - for you and your family!

Our programs include:

- Opportunities for social activity by participating in our local PNA lodges throughout the country
- Our PNA Sports and Youth Programs
- Our Children's Christmas Parties with Santa and annual Easter Egg Hunts
- Our National Spelling Bee for members in the Eighth Grade of School
